

OPAL BLACK STEEL

Multi-flat Tissue Dispenser

Part Code MF01-BK

The opal multi flat tissue dispenser, zinc coated and finished in black is both stylish and functional for all commercial washrooms.

It's practical and robust whilst offering an executive finish with it's black steel lockable cover, the backplate and aperture has a smooth gloss powder coated finish to protect hands when dispensing and reloading.

The sturdy design makes this dispenser durable and fits perfectly in smaller spaces, ideal for smaller cubicles that are restricted with space when installing on to the wall.

The key lockable unit also features a level window indicator which is located at the front to check when stock levels are low.
